LSMS
Life Support Management System

Effective :

LSMS reduces the abuse of the food cards dramatically towards decreasing the cost associated with the dining facilities.

LSMS provides effective cards and meals management for this purpose:

- People can only have a limited number of meals per day
- The food cards will have expiration date
- The lost cards can be deactivated easily
- The cards of the resigned people will be deactivated automatically

Comprehensive :

LSMS provides comprehensive features and reports:

- Persons Registration and Management
- Cards Registration and Management
- Individual Meals Issuance
- Job Meals Issuance
- Meal Schedules and Canteens Management

  Rich, Accurate, and Up to Date Reports:

  - Total Food Consumption per Department
  - Total Food Consumption per Canteen and per Meal-Schedule
  - Detailed Issued Meals per Department
  - Detailed Issued Meals per Person
  - Detailed Issued Meals per Badge

Easy to use:

LSMS provides easy to use interfaces that you'll be instantly familiar with, in addition:

- The employees only need to swipe their cards, there will be no direct interaction with the software in the canteen.

- The users can login using their in-place LDAP username and password, no further credentials are needed to be memorized.

- The facility and the finance teams can easily access LSMS on the fly, they only need a web browser and a network connection to access the software, no special setup is needed.

Simply as :

- **Comprehensive**
- **Effective**
- **Easty to use**
